Medical School Recommendation Letter

It is with great pleasure that I write this letter of recommendation for Dr. XXX

I have been practicing dentistry in the San Francisco Bay Area for about twenty years. At XX Dental, we are committed to offering comprehensive dental care for the family in a comfortable, caring and supportive environment.

I am privileged to have known Dr. XXX for more than a year in her role as an associate dentist at my practice.

I have had ample opportunity to observe her clinical development, analytical skills and diagnostic ability. Dr. XXX has a conscientious approach, with a keen sense of responsibility toward her patients and profession. She can make astute observations and has a unique ability to handle challenging cases. Her profound interest in particular for pediatric dentistry was apparent from the beginning.

She has always been eager to perform procedures in pediatrics.

Dr. XXX has demonstrated exceptionally outstanding management of our pediatric patients. She is patient and passionate about kids, and she has an amicable nature. I have observed her at ease in her interactions with kids and families. Of the many dentists I have worked with, she has been most successful in convincing our pediatric patients to develop good oral hygiene, which is vital to a lifetime of oral health.

I have also trusted her to take care of our patients independently in my absence. She is highly ethical and has established a wonderful rapport with our staff. During our discussions, she has shown herself to be flexible and open to constructive criticism.

I find in Dr. XXX an apt blend of intelligence, curiosity, dedication, and passion to excel.

I strongly believe that with her composure, patience, and love for children, she is an ideal candidate for your pediatric dentistry residency program. Hence, I highly recommend her to your esteemed program. I personally expect her to contribute her best to this specialty.
